

THE CAR COULD BE THE STAR!!

We as a club are being approached more and more often nowadays with a view to supplying cars for TV programs, films and photo-shoots. In a lot of the cases we seem to get very short notice periods and therefore this makes life difficult when trying to find specific cars quickly. The TV drama 'Life on Mars' being a specific example. Thankfully Simon H was on hand with his P6 at literally days notice to put his car into the show and now that is part of TV history. The companies that request our help usually have something very specific in mind which tends to narrow the choice down drastically or a specific part of the country, so distance is a variable. This is why we need to know your car and have it on our data base.

With this in mind what I have done is set up a specific data base of P6's from our membership which will show us at a glance who is interested in having their car on the TV or in the car magazines. This data base will hopefully in time contain all colour options within all P6 platforms, i.e. 2000, 2200, 3500, SC, TC, S, saloon, estate, manual, auto, in fact as many variants as possible. This would also include the more unusual like rally cars, ex police cars, factory cars, anything so that we are able to meet the requirements of both the TV and publishing industries quickly. Therefore I would like to ask anyone who maybe interested in offering their car for these such events, to fill out the short questionnaire and send it back to me or email it back to me with a picture of your car. This data base is free for club member's P6s and other cars and will be protected as per the data protection act., your details will not be released without your specific permission. The data base will be used purely to help the club in sourcing specific cars for a specific requests and you will be contacted by myself or one of the committee before your details are divulged to any outside parties. So don't be afraid put your car forward onto the list, it doesn't matter where you are or what condition the car is, you'll be surprised what we get asked for! This could lead to your car becoming famous and therefore more valuable. Oh the other thing, most companies who make these requests usually cover out of pocket expenses and some pay you for your car and your time, as well. So help the club by putting your car forward. Please feel free to photocopy the questionnaire as required but please only one car per questionnaire.

DON'T FORGET TO INCLUDE A PHOTO OF YOUR CAR

Regards Mark Gray Editor

PLEASE CIRCLE AS REQUIRED

NAME		MEMBER NO.	
CONTACT NUMBER		MOBILE	
EMAIL ADDRESS		YOUR TOWN	
THE CAR REG		MODEL	2000 2200 3500
SERIES	1 2	MANUAL AUTO	SC TC S
EXT. COLOUR		INT. COLOUR	
CONDITION	GOOD	AVERAGE	TATTY
IS CAR ON ROAD	YES NO	DOES IT RUN	YES NO
WOULD YOU WANT THE CAR TO?	STAY LOCAL ONLY	TRAVEL UPTO 100 MILE RADIUS	TRAVEL ANYWHERE
COULD THE CAR BE AVAILABLE	ONE OFF DAYS ONLY	UPTO A WEEK	MORE THAN A WEEK
WOULD YOU STAY WITH YOUR CAR	YES NO	SPECIAL FEATURES	Please add on separate sheet.

PLEASE RETURN TO M. GRAY, RP6C, PO BOX 1477, WOLVERHAMPTON WV10 8HU

Or email to editor@p6club.com

NON-MEMBERS can add their vehicles to the data base for a once only charge of £10 per vehicle (cheque to be made payable to THE ROVER P6 CLUB.)

NON-MEMBERS please add your full address, contact details and full vehicle details on the reverse of this sheet and don't forget to include a photo of your vehicle.
